IKE AND TAFT PARLEY ON FUTURE PLANS

Next Year's First Baby Here Is To Be Welcomed With Variety of Gifts

The first baby born to Fayette County parents in 1953 is going to be showered with gifts by Washington C. H. merchants.

It has been the custom here for several years to welcome Mr. or Miss 1953 into the community with warm and practical expressions of friendliness; this is a continuation of the custom.

The parents have been remembered, too by the 15 merchants on the welcoming committee.

Because there is always the possibility of a close race for the honor, a set of rules has been drawn up. But they are very simple and remain essentially the same from year to year.

As in the past, the attending physicians, the staff of Memorial Hospital and the county Health Department are cooperating with the merchants. However, they should be reminded by the parents to note the exact time of birth—right down to the minute—on the birth certificate and get it to the Health Department or to the Record-Herald with as little delay as possible.

Midnight on Jan. 8 is the deadline for consideration. Every effort will be made to check and double check on all births, but only those certificates in the Health Department will be considered.

It makes no difference where the babies are born, so long as their parents live in Fayette County and the birth certificates are filed with the Health Department before the Jan. 8 midnight deadline.

To be on the safe side, a call to the Record-Herald baby contest editor would not be amiss.

FOR THE BABY there will be its own little ring or baby cup from the Gossard Jewelry Store, a trainer seat from the G. C. Murphy Co. Store (two in case of twins), a "Teeter Babe" from Dale's Store, a two-piece silver educator set from Roland's, a blanket from Steen's Store, a combination seat and bed for the car from Moore's Dream House, a baby cup from Schorr's Jewelry Store and \$4 worth of dairy products from the Sagar Dairy.

For the parents there is a lubrication job for the family car by

410 Death Due During Holiday

CHICAGO (AP)—The National Safety Council today estimated that 410 Americans will die in traffic accidents during the four-day New Year holiday period.

The organization last week estimated that 590 would be killed in motor vehicle accidents in the four-day Christmas week end. The total in an Associated Press survey was 556, an all-time record. The previous record was 555 in the four-day Christmas holiday of 1936.

Rear Echelon Rotation Cut

GIs Behind Korean Lines To Stay Longer

TOKYO (AP)—Behind the lines troops in Korea will need two additional points for rotation home after Jan. 1.

Gen. Mark W. Clark's headquarters today gave lack of replacements from the U. S. as the reason for the point change.

There was no change in the rotation requirement of nine months service (36 points) for soldiers at the front. Rear area troops will need 40 instead of 38 points.

Troops at the front get four rotation points a month. Those near the front get three and soldiers far to the rear get two.

Soldiers in Japan whose families are with them get one point monthly. Others get 1½.

Clark, Far Eastern commander, and Washington have disagreed in recent months on the problem of adequate replacements.

PENTAGON pressures forced Clark on Oct. 22 to withdraw an order increasing the battle-line rotation requirement from 36 to 38 points.

There was no comment on Clark's latest order from the Defense Department or the Army.

Saturday the Army's February draft call was upped to 53,000 men, the highest quota since early in the Korean war.

Clark's headquarters said the new increase "is made necessary because of lack of receipt of sufficient replacements from the United States to continue rotation in January on the basis of 38 points and still maintain the combat efficiency of the Eighth Army and other Army units throughout the command."

It added that rotation requirements after January would depend upon replacements.

LATEST CHAPTERS in the amazing story of Mrs. Ethel Arata, Southern California's so-called "Grandma Bandit," indicate she once was a lovely young singer (left), known as Ethel Catts, and a member of the "Topsy and Eva" cast. Earlier disclosures revealed that she was the daughter of the late Robert M. Catts, New York millionaire who lost a fortune in the 1929 crash. At right, Mrs. Arata is shown as she was being arraigned in a Los Angeles court. (International Soundphoto)

Tighter Anti-Red Laws Called Top Ohio Need

COLUMBUS (AP)—The Ohio Un-American Activities Commission says the Communist Party is a "clear and present danger" in Ohio and recommends new laws to combat subversives in the state.

The commission goes out of business New Year's Eve, but in a report issued Monday asked continuation of its activities.

The commission said it has uncovered enough evidence of Red activity in the last year-and-a-half to warrant the appointment of a special assistant attorney general to present findings to grand juries.

The 12-member group of state senators and representatives, headed by House Speaker Gordon Rensler of Cincinnati, said communism's danger calls for a revision of state laws dealing with subversive groups and the imposition of jail sentences for those participating in them.

THE COMMISSION advocated laws to dissolve Communist organizations and bar Communists and members of subversive groups from special privileges or licenses issued by the state or its subdivisions. It also asked a public accounting of funds collected by public subscription and a law making refusal of a state employee to testify about Communist activities "prima facie evidence that such a person is a Communist or a knowing member of a Communist-front organization."

The commission said most Ohio laws dealing with subversives are ineffective and should be overhauled. It also said its investigations were hampered by the "complete lack of any state-wide information concerning Communists."

It complained FBI information is withheld from state and local law enforcement agencies by presidential directive.

The commission said the Communist Party is a Moscow-directed international conspiracy "having as its goal the violent overthrow of our democratic form of government."

It said Communists are dedicated to aid Russia in the event that the United States goes to war.

"The strong concentration of basic industry within Ohio ranks this state probably in second place among the areas that must be destroyed or seriously crippled to further the Soviet war effort," the commission said.

"OUR INDUSTRIES of machine tool, rubber, steel, automotive parts, and coal are the backbone of the nation's strength, and coupled with our expanding atomic energy program make crystal-clear the reason for the Communists' concern with Ohio."

"The presence of Communist

Operations Kept Within Income

City Schools Come Out Even Financially for Year Ending

The Washington C. H. public schools came out just about even at the end of this year, a financial statement presented to the school board by Supt. Stephen Brown at Monday afternoon's meeting disclosed.

Although the statement showed a balance of \$34,106.65, virtually all of this is earmarked for paying the bills for the rehabilitation program carried out this year and the public address system which has been ordered but not yet installed. Included in the balance, too, is \$28,657.58 in the bond retirement fund which cannot be used for any other purpose.

The rehabilitation bills are to be paid out of the \$3,550 fund set aside for them and the public address system is to be paid for with the \$2,190 left in the general fund.

RECEIPTS FOR THE year totaled \$443,169.58, including a balance of \$41,156.27 from the previous year. That balance, however, was earmarked for bills that came due this year—\$26,130.46 was for bond retirement.

Total expenditures for the year just ending amounted to \$409,062.93, including \$10,282.50 for bond retirement and \$19,918.54 for rehabilitation.

The only operation in the school system that went in the red this year was the school lunch program. Last year, it was \$35.15 overdrawn and this year indications were that it would lack about the same amount of meeting the expenses.

The statement presented to the board Monday afternoon showed the cafeteria at the high school and Eastside School \$290.97 in the red, but much of this will be taken care of when the state subsidy check is received—the exact amount of that overdue payment will not be known until it is received.

The biggest single expense was the salaries; for administrative, teaching and maintenance and custodial service they amounted to \$281,038.04. Salaries for the 71 teachers added up to \$230,118.23.

EXPENSES for operating the high school and five elementary schools—heat, light, books, educational supplies and maintenance supplies, etc.—amounted to \$65,101.90. Included in that, was a \$400 appropriation for the cafeteria and \$1,761.71 for insurance.

A total of \$45,510.98 was spent on the Eastside cafeteria and \$2,203.04 on the one at high school. About 150 high school students take lunches at school and about 75 pupils eat at the Eastside cafeteria. The charge is 30 cents per lunch. Some are free to pupils unable to pay for them.

A total of \$10,282.50 went for

bond retirement and interest during the year.

Rehabilitation projects cost \$19,918.54 and \$20,180 went into the teachers' retirement fund as the school's share; the teachers contribute 6 percent of their salaries to the fund too. Another \$2,620 went into the retirement for school employees, other than teachers, on the same basis.

Tuition paid to other school districts amounted to \$2,030.46. Most of this was for pupils in the Children's Home going to the Bloomington School.

The rest of the expenditures were (Please turn to Page Two)

Appropriations Made By City Council To Pay \$7,900 in Old Bills

An adjourned session of city council, held at 5 P. M., Monday, was featured by appropriation of funds from the general fund to pay all outstanding stone and material bills for the first time in three years and request of city policemen and firemen for an increase of \$36 per month each, or some \$8,108 for a year.

City Manager James F. Parkinson, in presenting an ordinance to appropriate \$7,900 from the general fund to pay stone bills and make a payment on parking meters, stated that he was "pleased to report" \$7,000 additional from the local government fund turned over by the county. He expressed his appreciation for the co-operation of the budget commission and county commissioners in paying

Bus Overtakes On Icy Road Near Lebanon

LEBANON (AP)—A Greyhound bus overturned on an icy hill early today on Ohio 48 north of Lebanon, but the 26 passengers escaped without critical injuries.

The state highway patrol said the bus driver, W. G. Shepperd, 25, of Detroit, applied his brakes to avoid hitting a crashed truck at the foot of the hill.

The truck had smashed into a concrete bridge and hung over the side of the stream.

The Cincinnati - to - Detroit bus turned around on the ice, flipped over, and landed on its top on a 10-foot embankment.

Two persons were hospitalized in Miami Valley Hospital in Dayton. They are Mrs. Bernice Roberts, 49, of St. Paris, who suffered hip and possible internal injuries, and her daughter, Marleen Fries, 20, leg injuries. All the passengers suffered shock. Four persons were treated for minor cuts and bruises in Lebanon.

Ferguson Eyed For Policy Post

WASHINGTON (AP)—Friends of Sen. Ferguson (R-Mich.), in an 11th hour move, are cautiously testing the chances to elect him Republican Policy Committee Chairman in the Senate.

It has been generally believed Sen. Knowland (R-Calif.) would have clear sailing for the post. Knowland withdrew as a candidate for the GOP floor leadership, giving Sen. Taft (R-Ohio) what is almost certain to be an uncontested candidacy for that job.

Sesqui Proclaimed

COLUMBUS (AP)—Gov. Frank J. Lausche Monday signed a proclamation designating 1953 as Ohio Sesquicentennial Year.

Ohio will observe its 150th anniversary of statehood. The celebration will open officially March 1, but preliminary events will start next month.

ployes, other than teachers, on the same basis.

Tuition paid to other school districts amounted to \$2,030.46. Most of this was for pupils in the Children's Home going to the Bloomington School.

The rest of the expenditures were (Please turn to Page Two)

the funds to the city at a time when it was badly needed.

The appropriations to wipe out the outstanding stone and material bills were \$5,000 for the G. D. Baker Co. and \$1,900 to the Fayette Limestone Company.

The \$1,000 parking meter payment is to be made to the Duncan Parking Meter Corp., as an installment on the last parking meters put in here.

Council adopted the ordinance by unanimous vote.

AN ORDINANCE to contract with the Union Township trustees to furnish fire protection at \$250 per month, an increase of 46 percent over the previous contract, was adopted without discussion.

It was pointed out that the tax duplicate in the township had been increased 51 percent since the original contract was drawn several years ago and that base pay of firemen had increased 51 percent.

The city manager was also authorized to enter into a contract to furnish fire protection to a number (Please turn to Page Two)

Allies Regain Outposts After Commie Thrust

SEOUL (AP)—Counterattacking Allied troops today regained frozen outposts near Chonwon on the western Korea front. The posts were captured by a reinforced Chinese Communist company Monday night.

An Eighth Army briefing officer said about 30 Communists were killed and 100 wounded in the vicious Red attack by about 225 men. Allied defenders withdrew after an hour of fighting but stormed back with reinforcements to reoccupy the positions.

Allied air activity was hampered by heavy clouds over most of North Korea. Marine and Air Force planes hit Communist positions near the west and west-central fronts, but results were unobserved.

Snow, rain and sleet fell along the front today. Temperatures ranged from 6 to 13 degrees above zero.

The Reds hurled five minor attacks on the Kumhwa Ridge area of the central front Monday night but the remainder of the 155-mile battlefield was relatively quiet.

40 School Areas To Attend Parley

WAVERTY, O. (AP)—Representatives of 40 southern Ohio school districts will convene Jan. 6 to learn the correct method of applying for federal school aid.

Speakers at the one-day meeting will be Robert M. Eymann, assistant state director of education, and Guy Clark of the U. S. Department of Education.

Regional chairman is Pike County Superintendent J. E. Way. Way said schools from Ross, Scioto, Pike, Highland, Jackson, Adams, and Lawrence Counties would send representatives.

The brood hen clucks as she walks, summoning her chicks to follow her, Dr. Collias said. She gives about two clucks per second. When the hen discovers food, she clucks rapidly, about four clucks a second, to call her chicks to join the feast.

At night, when she roosts, she gives a purring sound, lasting about 1½ seconds, to bring all (Please turn to Page Twelve)

Initial Draft Of Legislation Being Drawn

Top Senators Join Conference With President-Elect

NEW YORK (AP)—President-elect Eisenhower was trying to round out a preliminary draft of his legislative program at a conference today with Sen. Robert A. Taft of Ohio and other Senate Republican leaders.

The senators are those who will have a key role in how far the general's legislative program gets in Congress. Besides Taft, slated to be Senate majority leader, those who sat in at today's conference include:

Senators Styles Bridges of New Hampshire, prospective president pro tempore of the Senate, its presiding officer in the absence of the vice president; Eugene D. Millikin of Colorado, chairman of the Conference of all GOP Senators; and Leverett Saltonstall of Massachusetts and Milton R. Young of North Dakota, members of the Senate Republican Policy Committee.

Taft arrived 35 minutes early for the conference. It was their first meeting since the Ohio senator denounced one of Eisenhower's appointments as "incredible."

Earlier, another Ohioan, Rep. Frances Bolton, called on Eisenhower and told reporters afterward that it was "unfortunate" that Taft had referred to the appointment of Martin Durkin as secretary of labor as "incredible."

"I thought it (Taft's criticism) was unfortunate and not up to the standard of his own ability and greatness, although I think there was something on his side," she said. "There are always two sides to everything."

Eisenhower discussed on Dec. 18 with House Republican leaders the new administration's legislative program which the general will outline to Congress shortly after his inauguration Jan. 20.

AIDES SAID much preliminary work already has been done on the program and that Eisenhower hoped the first stages would be completed at today's meeting. Additional conferences with congressional leaders are planned for study of the final draft.

Eisenhower announced Monday that after his inauguration he will appoint Robert Cutler, president and director of the Old Colony Trust Company of Boston, as an administrative assistant to the President. Cutler, 57 and a Republican, served as an adviser to Eisenhower during the election campaign.

As an administrative assistant, he will deal especially with the National Security Council, coordinating its work with that of other agencies and departments.

Eisenhower discussed international economic problems at a luncheon meeting Monday with Paul G. Hoffman, former chief of the Marshall Plan foreign aid program and now director of the Ford Foundation; Milton Katz, former U. S. special representative in Europe and now associate director of the Ford Foundation; and John J. McCloy, former U. S. high commissioner to Germany. Cutler also attended.

Rep. Thurston B. Morton (R-Ky) said Monday night in Louisville he had been asked by John Foster Dulles, Eisenhower's choice for secretary of state, to take a State Department post. He said he was undecided.

Morton did not seek re-election to the house in November. It was reported in Cody, Wyo., Monday night that Millard L. Simpson, Cody attorney, had decided to accept a post as an assistant secretary under Oregon Gov. Douglas McKay. Eisenhower's choice for secretary of the interior.

News Briefs

CHICAGO (AP)—Three persons perished and three others were believed burned to death in a fire Monday which destroyed a South Side furniture store and warehouse. An explosion preceded the spectacular blaze.

MANILA (AP)—Storm-swept Mindanao island in the Southern Philippines counted 10 dead and 38 missing today as a tropical storm moved into the South China Sea.

HONG KONG (AP)—Evangelist Billy Graham said today more than 28,000 North Korean prisoners of war have graduated from the 28 Bible institutes in their camps.

All in on Show At Last Songfest

Family Orchestra One Of Features

Everybody did something at the December songfest at the Roy Wipert home on the CCC Highway west of Washington C. H.—just as had been planned.

Contributions to the evening's program by some were not much, but by others were rather ambitious. They ranged all the way from vocal and instrumental solos to jokes and short verses.

And also according to plan, everybody brought candy. In fact there was so much that Mrs. Wipert said about 8 pounds of the kinds that would keep had been put away for the January meeting.

There was so much going on all evening that no time could be found to give the usual recognition for attendance. There were eight 10-timers there—those who have attended 10 songfests during the three years they have been held. They were Rev. Clyde Rogers, Mr. and Mrs. Curtis Jones of Sabina, Mrs. Leo Cormier, Mrs. Gene Clay, Mrs. Earnest Snyder, Herbert Perrill and Allen Pulver.

These and four others, who can have 10 attendances at the January meeting, are to be given recognition then.

Two other regular songfesters, Miss Frances Geng and Mrs. Claude Davis, will have attended 25 of the monthly sings if they get to the next one.

There were two extra features at the December meeting: (1) a tape recording of everything that went on during the evening by Herbert Perrill and (2) several numbers by the Roscoe Smith family quintet.

Perrill played back the events of the evening at the conclusion to those there could "hear themselves as other hear them." It brought out a lot of laughs.

The Smith orchestra was made up of the father and mother, two sons and a daughter playing piano, harmonica, trombone, saxophone and clarinet.

Vesper Service At Baptist Church

A post-Christmas special vesper service of sacred music was presented by the youth and senior choirs of the First Baptist Church under the direction of Mrs. Robert F. Willis.

Ronald Hodge of the Dayton Boys Choir was the special guest soloist. He sang "Cantique de Noel," took the solo parts in a group of four songs by the choirs and sang "Ave Maria." Ross Reismueller of the Dayton Boys Choir was the guest pianist.

Other solo parts in the choirs' numbers were taken by Robert P. Browning, Miss Clarabelle Robinson and Mrs. Richard R. Willis, Jr.

David Foster was the pianist. The Scripture reading at the start of the service was by Rev. L. B. Rogers.

Paper Price Up

LANCASTER —The Lancaster Eagle-Gazette will cost seven cents a copy starting Jan. 5. Home delivered price will be 35 cents a week.

FIVE RABBITS \$1,083.20

HAMILTON — Rabbits come high here. Franklin Hodge, John Smith and Hargues Smith drew a total of \$1,083.20 in fines and costs for illegal hunting and killing five rabbits on the highway, then trying to escape by driving 75 miles an hour.

TWO ARE FINED

GREENFIELD — Raymond Crouse, 54, was fined \$150 and costs and James E. Pearce, 29, was fined \$100 and costs for driving while drunk.

Mainly About People

Mrs. Marion Davidson, Route 2, Leesburg, entered Memorial Hospital, Monday afternoon, for medical treatment.

Kenneth Kinnison, Route 3, Sabina, was released from Memorial Hospital, Monday afternoon, after being a medical patient.

Mrs. Kenneth Johnson, 411 Gibbs Avenue, was admitted to Memorial Hospital Monday afternoon, for surgery Tuesday morning.

Fred Morrison of Mt. Sterling, was admitted to Memorial Hospital, early Tuesday morning, for observation and treatment.

Mrs. Ida Crossen was taken from the Smith Rest Home to Memorial Hospital, Monday evening, in the Gerstner ambulance.

Mrs. Orlyn Wilt and infant daughter were discharged from Memorial Hospital, Monday, to their home, Route 3, Sabina.

Michael Miller, son of Mr. and Mrs. P. C. Miller of Jeffersonville, underwent a tonsillectomy in Memorial Hospital, Tuesday morning.

Richard Butler, son of Mr. and Mrs. Don Butler, Route 1, Mt. Sterling, underwent a tonsillectomy in Memorial Hospital, Tuesday morning.

Mrs. Dora Westfall was dismissed from Memorial Hospital to her home in Jeffersonville, after being a patient for observation and treatment.

Leonard Flory, son of Mr. and Mrs. John Flory, Route 1, Jeffersonville, underwent a tonsillectomy in Memorial Hospital, Tuesday morning.

After being a medical patient in Memorial Hospital, Mrs. Vertie Manly was released Tuesday morning and taken to her home, 1008 Millwood Avenue, in the Parrett ambulance.

Lester Smith is recovering from a fractured leg at his home in Jeffersonville, after being treated in Memorial Hospital. He was released Monday.

Mrs. Dorothy Kelley, 511 East Temple Street, was taken to Memorial Hospital, Monday evening, in the Kirkpatrick ambulance. She is a patient for medical treatment.

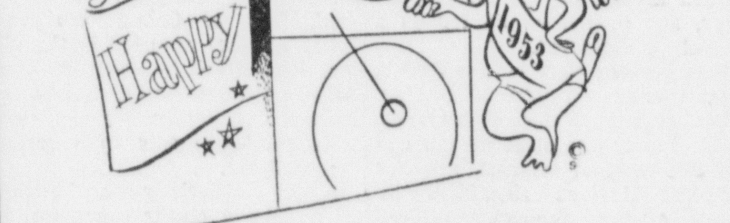

Mrs. Arabelle Easter was released from Memorial Hospital to her home, Route 1, London, Monday afternoon. She is recovering from injuries suffered in a traffic accident, December 23.

Mrs. Forrest Judy and infant daughter, Pamela Jean, were discharged from Memorial Hospital, Tuesday afternoon, and taken to their home on the Old Springfield Road in the Kirkpatrick ambulance.

Mrs. Neal Childress and infant daughter, Mary Ann, were released from Memorial Hospital to their home on the Sabina and Greenfield Road, where they were taken Monday afternoon, in the Kirkpatrick ambulance.

William C. Sell was released from Memorial Hospital, Tuesday afternoon, and taken to his home, 828 Washington Avenue, Tuesday afternoon, in the Parrett ambulance. He is recovering from serious injuries suffered early in November in a traffic accident, near Xenia.

Jeffersonville Boys Usher at Ohio State

Thirteen boys of Scout troop 67 of Jeffersonville today were back from a big evening at Ohio State University where they ushered for the Ohio State-Northwestern basketball game in the coliseum Monday night.

And, they were still talking about the 82 to 70 victory of the Bucks over the Wildcats. It was the first time many of the boys had ever seen big time college basketball, and they got a thrill out of their experience.

It was understood that this was the last time Boy Scouts would be used for ushers.

Those making the trip from Jeffersonville were David Morrow, Billy Weaver, Roger Snyder, Roger Mason, John Hoppes, Eddie Hoppes, Victor Wright, Robert Rings, Darrell Davis, Eugene Melson, Ronald Walker, Bradley McKillip and Larry Cook. They were accompanied by their scoutmaster, Clyde Rings.

The trip was made in private cars with Mr. and Mrs. John L. McKillip, Mr. and Mrs. Max Morrow and their daughter Gayle and Charles Funk. They left Jeffersonville at 4:30 P. M. and did not get back until after midnight.

City School Report

(Continued from Page One)
for a number of smaller phases of school operations such as workmen's compensation, election expenses, etc.

THE SCHOOL received their biggest income from the state School Foundation Program. That amounted to \$175,794.86.

Not far behind, however, was the total of \$155,958.51 from local taxes. Real estate taxes produced \$120,526.25 and personal taxes \$35,432.26.

Tuition for students coming in from other school districts amounted to \$30,850.43. Of this, \$28,568.27 was paid by the districts and state (on a 50-50 basis) for about 200 high school students and \$2,282.16 was paid by parents for students in other districts.

From the state subsidy, \$4,527.67 came in for vocational education—home economics, auto mechanics and agriculture.

The Eastside cafeteria receipts amounted to \$1,908.21 and those from the high school cafeteria to \$4,149.99.

Received from the state for rehabilitation projects was \$9,397 as its share of the cost of work done this year.

For bond retirement, the schools got from real estate taxes \$9,887.37 and from personal taxes \$2,922.25.

The rest of the receipts were from nearly a dozen other sources, but were comparatively small.

WHEN THE BOARD finished going over the financial report, item by item, it expressed satisfaction over the operations for the year.

Members of the board had started the year with an avowed intention of operating within the income and, with the possible exception of a few dollars in the red in the cafeteria account, that goal was achieved for the second year in a row.

However, it was brought out dur-

ing the discussion that if the same "operation - within - income" objective is carried out, the renewal of the present 6-mill levy would be essential.

It was brought out, too, that members of the board felt the schools should not finish the year with any sizeable balance; that it was not their policy to ask for more for the schools than the anticipated needs.

Council Meeting

(Continued from Page One)

ber of farmers who own land in the township but whose buildings are just over the line in adjacent townships.

Upon request of Ralph Penn, chairman of the Fayette County Sesquicentennial Committee, City Manager Parkinson was authorized to purchase an Ohio Flag to be displayed under the American flag on the pole in front of the city building during the forthcoming centennial year.

WRITTEN communications from the police and fire departments, signed by all members of both departments, asking more pay were read.

Both departments requested an increase of \$36 per month each or a total of \$8,108 per year.

It was noted in the communication that on July 7, 1952, the departments had asked for a flat increase of \$80 per month, and that council had granted a raise of \$44 per month with the statement that further increase would be considered when funds were available.

Firemen also asked for a 56-hour week instead of a 72-hour week and two additional firemen.

It was announced that council and the city manager would consider the request at an early executive session.

Council then adjourned and went into executive session, one of many such sessions problems may be discussed freely, but no business can be transacted. The public and press are excluded.

Sheep—Light; steady to weak; strictly choice 22.00-22.50; good to choice 21.00-21.50; mediums 18.75 down; outs 11.50 down; slaughter sheep 7.50 down; handweights higher.

Grain Markets

GRAIN FUTURES

CHICAGO —Grains opened a little higher at the Board of Trade today with corn making up the largest gains. Soybeans also advanced.

Small receipts of corn, estimated at 51 cars, were believed responsible for the advance in that grain. Wheat started unchanged to 1/4 cent higher than Monday's close, March \$2.23 1/2-2 3/4; corn was 1/2 to 1 1/4 higher, March \$1.65 1/2-1 3/4, and oats were unchanged to 1/4 higher, March \$2 1/4-2 1/2. Soybeans were 1/4 to one cent higher, January \$3.00 1/4-1 1/2.

The observatories on the 86th and 102nd floors of the Empire State Building in New York City have nearly a million visitors a year.

WASHINGTON'S LARGEST INDEPENDENT SUPER MARKET

"BOB" — "NEIL"

By JAMES MARLOW
WASHINGTON (AP)—Sen. McCarthy—whose pursuit of Communists brought him jeers, cheers and reelection—is now in position to operate on a bigger scale than ever before, and seems to intend to.

In the new Republican-controlled Congress McCarthy will be chairman of a powerful Senate committee which has a staff of lawyers and investigators whom McCarthy can use in his Red hunt.

Until now—from the time he began his sensational charges of Communists in government almost three years ago—the Wisconsin Republican had to do business pretty much on his own and, more or less, with his own staff.

It is not known how President-elect Eisenhower feels about the prospect of stepped-up and even broader explorations by McCarthy. And there is no indication from what he has said recently that McCarthy intends asking.

If for any reason the new President sought to throw roadblocks in the senator's way, he might find, as have others who attempted to interfere with McCarthy, that he had a tiger by the tail.

In a copyrighted interview with reporters of the weekly magazine U. S. News and World Report, McCarthy outlined some of the avenues which he considers worth attention:

A continuing search for Communists in the government, particularly in the State Department; a hunt for Communists or "Communist thinking" in the colleges; and an investigation of corruption in government.

Eisenhower would certainly follow with interest a McCarthy examination of the minds of college professors since Eisenhower himself is giving up the presidency of Columbia University to be president of the United States.

And when Eisenhower is in the White House he can expect to see McCarthy's sleuths prowling around the government looking for corruption, not only corruption which might have occurred during the Truman regime but which bob up in Eisenhower's own administration.

As for the search for Communists in the government, McCarthy made it pretty clear he considers anything that happened in the past only preliminary to a "real housecleaning."

Virginia Gilmore

A drama of spy-smashing by the FBI is pictured in a film, "Walk East on Beacon," which opened a three-day run at the State Theater here Tuesday. The story shows how the scientific resources of the FBI unravel the puzzle of obscure clues that lead to the heart of an espionage plot. George Murphy, Finlay Guthrie and Virginia Gilmore are in the leading roles.

150 Horsemen Gather Here For Fourth Annual Dinner

O. C. Belt, the chairman of the Ohio Racing Commission, told a gathering of more than 150 horsemen and lovers of the sport of harness racing here Monday night that he was confident there would be "plenty of horses" to provide good race program for county fairs in the state next summer.

The occasion was the fourth annual Horsemen's Dinner. It was held this year at the Country Club.

While most of those in the assembly were Fayette Countians, whose love of fine horses, especially harness horses, goes back through generations, there were a number of guests from different parts of the state.

Ronald Cornwell, who has done a bit of driving at the fair races and lends a hand now and then with the training of the Jackson Grove Co. stable, was the master of ceremonies.

He kept the program moving swiftly and smoothly as he introduced a few of the brass of the sport of rural America which has been going big time during the last few years.

He offered what he called an apology for not introducing everyone connected with the sport, but explained that "there are so many here that if that was done, it would take all night."

ONLY TWO OF THEM did more than merely acknowledge the introductions with a few words of appreciation and praise for the affair. "There is nothing like this anywhere else," Joseph Neville of Bucyrus, the moving spirit behind the Little Brown Jug classic for 3-year-old pacers raced every year at Delaware, declared.

Others introduced were Ed Hackett, the executive-secretary of the United States Trotting Association; Charles Hill, the head man of the Hilliards Raceway; W. M. (Doc) McMillan of London, who was third in the rating of the nation's race drivers this year; McKinley Lawhorn, manager of Eventime Farm here; McKinley Kirk of Washington C. H. and Robert and Harry Valley of Waverly, co-owners of such good horses as Floating Dream, Waverly Ann and Pleasant Surprise; Frank S. Jackson of Washington C. H. in whose Jackson Grove Co. stable is Darnling, the 4-year-old champion trotter of the mile tracks and Howard C. Allen, a living encyclopedia of Fayette County and its fine horses.

Hill, in acknowledging his introduction, reminded the gathering that he once had lived in Washington C. H. where he had a bakery. He also confessed that he once had owned some racing grayhounds and had trained them on the Fairground track.

ALLEN AND BELT, however, were the only ones who spoke at length.

Allen told the dramatic story of the monument that stands on the highest spot of the infield of the Fairground track. It marks the grace of one of the greatest sires of harness race horses in the coun-

try, he said Bobby Burns, a "beautiful gray horse who never turned white."

Bobby Burns, Allen recalled, was bought in Kentucky by J. L. and Joseph Rothrock and brought here in 1888 as a 5-year-old. That was in the horse and buggy days, he reminded, and the Rothrocks brought him here for the purpose of siring road horses.

But, he added, it was soon noticed that all of his sons and daughters showed such phenomenal speed (although he had a mark of only 2:19 1/4) that he soon was in great demand as a sire of race horses. In his heyday, Allen said, the barns at the Fairground here were filled with mares from all over the country that had been sent here to the court of the great Bobby Burns. His get, Allen pointed out, showed speed either trotting or pacing.

Greenwood M. bred and trained by Charles Mark, was cited as one of his outstanding sons. He had a mark of 2:07 1/4, which Allen said was very fast in those days, and eventually was sold for \$25,000 and went to Europe.

Bobby Burns died in 1912 at the ripe old age of 24 years and was buried with solemnity and sorrow at the Fairground. Allen described his final resting place on a bed of straw covered with a blanket with another covering of straw and blanket over him.

BELT, WHO WAS THE first speaker of the evening, admitted that the state Racing Commission had been the target of much criticism, but said he had no apologies for its actions and predicted that the years ahead would show wisdom of the policies the commission had followed.

He outlined the commission's plans for night commercial harness racing and said it had been made to fit the needs of the county fairs for horses. He said the managements of these commercial race meetings had agreed to ship horses to the fairs if necessary to fill the races.

He had a word of advice, too, for the speed committees of the fairs. It was that they give more prominence to races for 2-year-olds and 3-year-olds because the older horses are in greater demand at the commercial tracks.

and fewer races for young horses are booked by them.

He complimented the Fayette County Fair for its race program and said "many horsemen would rather come here to race for smaller purses."

Eddie Cobb, one of the country's leading drivers, read a couple of poems about horses and racing from a book he said had been handed down to him by his grandfather. One of them was humorous, about a racing mule, the other was in a more serious vein.

Following the introductions, the speeches and Cobb's readings, there was a half-hour of variety entertainment by Ray Hock of Columbus. He started out with tunes on the harmonica and wound up with an hilarious pantomime to recorded pieces about Jimmy Durante and a hill-billy couple. In between, he put on a ventriloquist skit with a dummy.

The program closed with the showing of motion pictures of some of the highlights of harness horse racing.

3 Soldiers Held In FBI Probe

FOLLANSBEE, W. Va. (AP)—Follansbee police arrested three soldiers today and announced they were holding them for the FBI to be charged with driving a stolen car across state lines.

In custody were Pvt. James Keyes, 24, of Chicago, Pvt. Edgar Diller, 20, of Springfield, O., and Pvt. Charles J. Fueston, 20, of Follansbee.

Police said they caught Keyes and Diller—both AWOL from Camp Breckenridge, Ky.—siphoning gasoline from a truck into a car which they said had been stolen 10 days ago from a Detroit parking lot.

They arrested Fueston, also from Breckenridge but on leave, later.

Liner Checked
SOUTHAMPTON (AP)—A U. S. immigration inspector, sailing aboard the Queen Mary from New York, has screened half of the giant ship's 1,246-man crew for Communists and says he has found none.

Space Rocket Day Nearing, Science Hints

WASHINGTON (AP)—American rocket experts and military scientists are moving closer to the time when they can fire a missile so high it will never return to earth.

The latest hint of this step toward the eventual development of an experimental satellite to move around the earth as does the moon came in a recent address by Secretary of the Air Force Finletter.

The secretary said he foresees the development of rocket engines producing 500,000 pounds of thrust. With such a propelling force, he estimated, a speed of 20,000 miles an hour will be reached. The altitudes reached by such rockets "will, of course, take them out into space," he added.

This estimate was somewhat under the 25,000 miles an hour which many scientists estimate will be required to accelerate a rocket to the point where momentum would carry it across the boundary of earth's gravity.

The first objective in creation of an unmanned, artificial satellite would be to provide an eye-in-the-sky with which to watch what happened anywhere in the Northern Hemisphere as the satellite orbited around the earth. A camera linked electronically to the earth would serve as the eye, scientists say.

While scientists think they have solved many of the major engineering projects for getting an artificial satellite aloft and on station in space, it would cost big money. Estimates range from three to five billion dollars for even a comparatively modest unmanned satellite.

Carlson Shuns \$2 Million Offer

SAN FRANCISCO (AP)—Heroic Capt. Kurt Carlson of the ill-fated Flying Enterprise has rejected more than \$2 million in offers to capitalize on his experience.

"I'm but a ship captain," he said as he arrived Sunday night on the Flying Enterprise II. "That's all I can do. I've written more than 10,000 thank you notes" rejecting offers. The old Enterprise, which he manned along for days, sank off the coast of England, Jan. 10 despite his courageous efforts to save her.

British-Studying Death-Laden Smog

LONDON (AP)—British legislators trying to do something about the deaths resulting from London's smoke-laden fogs may make use of a U. S. government report on the Donora, Pa., smog of 1948, which killed 19 persons.

A spokesman for the U. S. Embassy said yesterday it will furnish the report to Laborite Parliament Member Norman Dods, who requested it. He is preparing an all-out campaign against London's smogs.

Here, as in Donora, smothering fogs containing acid fumes from industrial plants have been blamed for deaths, especially among asthmatic sufferers.

Dods said more than 2,000 persons died from the record London smog Dec. 6 to 9.

We hope that the year just beginning will be chock-full of happiness and prosperity for all our friends and customers... and we are looking forward to seeing and serving all of you regularly. Be sure to drive in whenever we can be of help to you.

Will Women Get More Recognition Now?

One writer says it appears that President-elect Eisenhower will allow his women appointees to cabinet offices, to handle most of the nation's finances, having named Mrs. Oveta Culp Hobby, head of the Federal Security Agency which agency includes the world's greatest, largest insurance agency, and Mrs. Ivy Baker Priest as treasurer of the United States. Each lady is 47 years of age.

Since it is stated that women own 70 percent of the nation's wealth of bonds, securities and real estate, it is not surprising that in the incoming president will recognize that the women would not spend money much faster than their brothers have during the past several years. Soon, a woman will be signing Uncle Sam's folding money. (We hope she is a good penman.) Eisenhower says Mrs. Hobby, who will succeed Oscar Ewing, said she would attend Cabinet meetings because of the importance of her post. (Evidently, Ewing did not attend.)

Mrs. Priest as treasurer will succeed Mrs. Georgia Neese Clark of Richland, Kans., the first woman to be Uncle Sam's purse string custodian. Mrs. Priest will be charged with the receipt, disbursement and accounting of public moneys. Her signature will appear on all greenbacks from \$1 up.

Mrs. Hobby will become the trustee of one of the largest trust funds in the world—about 17 billion dollars—held for those covered by the old age

and survivors insurance program. In addition, she will be the over-all administrator of the Office of Education and a variety of other welfare agencies, such as the Public Health Service, Food and Drug Administration, and Office of Vocational Rehabilitation. It all sounds like these two women have taken on vast responsibilities. From past performances, both ladies have given evidence of their ability not only to do work themselves, but also possessing executive ability and are able to name their trusted assistants.

While these women will handle the money of the Eisenhower administration, another woman will produce the money—Director of Mint Nellie Taylor Ross, who was the first woman ever appointed to the Mint directorship. She is serving her fourth term. Mrs. Hobby was the wartime commander of the WACs.

By the way, who does most of the budgeting of this country? It is the woman, who makes the dollar stretch to the 'nth degree in these days of high prices and yet is able to save from the weekly pay check a bit to lay away for the rainy day, to store away in an old sock, or the old cracked sugar bowl which is in its second role as a utility.

President-elect Eisenhower seems to be showing he has a pretty level head in making his appointments, and so far has selected those persons who fit into their own particular sphere of usefulness to the nation.

What's To Be In 1953?

NEW YORK (P)—It is time for our annual fuzzy forecast of what lies ahead in the coming year.

The old crystal ball is more clouded than usual this season. However, you can bet right now that:

The Korean police action will change from the present stalemate in which the robbers are arresting the cops.

A new cure for the common cold will be trumpeted in February and abandoned by April. Most people will decide the best way to get well is to go to bed.

Two new mysterious viruses—"Y" and "Z"—will be discovered for patients who decide virus "X" is no longer either mysterious or fashionable.

As most women will become a year older, the number of blondes will increase remarkably.

Somewhere in Florida a motorist, annoyed by a buzzing in the engine, will lift up the hood of his car—and find an angry rattlesnake, coiled to strike. For some reason this has happened somewhere in Florida every year since the invention of the motor car, except in 1927, when it happened

somewhere in North Carolina.

In late spring Coach Frank Leahy will announce the football situation at Notre Dame is hopeless, but his team will end the 1953 season hailed as one of the greatest in history.

A new kind of cheap frozen food, palatable to both man and dog, will be developed. This will enable more wives to take the kids on summer vacations, secure in the knowledge that back home their husband and the family pet will be able to fix an easy meal they can enjoy together.

The cost of living will rise slightly, and so will skirts. So will men's interest.

Interest in economy will pick up markedly in both government and private life. One sign will be a new article of feminine apparel marketed by a budget-minded designer—a lady's hat that can also be used as a handbag.

The literary world will be flooded by the published memoirs of 1,312 ex-Democratic officeholders, all giving the "only true inside story" of what has been going on in Washington.

Some 1,312 new Republican of-

Diet and Health Question Of Baldness Has Many Answers

By HERMAN N. BUNDESEN

Hair can be regrown on a bald head in special cases. However, baldness is due to many different causes, and no single treatment I know of will help everybody.

Partial baldness is very common. Complete baldness of the head is less common but not rare in some, even the hair throughout the body may be completely lost.

Some people have no signs of hair on the body at birth. This is an hereditary defect, and they have no hope of ever having hair.

Baldness may follow emotional shock after someone has a frightful experience, or after some great sorrow.

Baldness in Women

Many times elderly women develop a baldness due to inflammation of the oil glands of the scalp. Usually this first involves the front and sides of the head. As a rule the woman has harsh, dry, lustrous hair, and it thins gradually. In a few months, however, the amount of hair loss can show.

In treating baldness due to a definite disease condition, we can sometimes make use of the newer drugs and treatments for this disease. Thus, taking extra thyroid extract is helpful in certain cases where baldness is due to a lack of thyroid.

In others, the cause of baldness is a disease of certain glands in the scalp. This is known as seborrheic dermatitis. Treating the dermatitis may help retard hair loss, but it will not help re-

Real Test of Strength of Nation

When it comes to manpower, the United States is a weak country, possessing only 156,000,000 persons as compared with about 800,000,000 in the Soviet Union, or 362,000,000 for India. If only manpower mattered, the United States could be overrun and inundated by Asiatic and Slavic hordes.

Fortunately for us, our real power lies in the overwhelming productive capacity of our people. That productive capacity, which includes an unbelievable ingenuity in analyzing and solving what seem to be insurmountable problems, in two wars proved our ability to provide means and devices to achieve victory. Our productive management has done better than our statesmen, who lost in the negotiations.

Frederick C. Mills, in a brilliant analysis of this situation, published by the National Bureau of Economic Research, makes an extremely telling point:

"Over the last half century the real national product of the United States increased five-fold, while population doubled. Output per capita of the population increased two and one-half times. Here was the basis of a substantial advance in economic power and in levels of consumption. Over this same period the total volume of human effort going into production (measured by manhours of labor input) increased by 80 percent. The great gain in total output was won with an increase in labor input well below the increase in population. Here is evidence of a gain in welfare in another dimension—a saving of effort and a lightening of

the toil by which the material needs of life are satisfied.

"The major instrument used in the winning of these dual gains was enhanced productivity."

No slave labor was employed to achieve this stupendous result. In fact, wages increased, hours were shortened, working conditions improved. The actual standards of life were raised to what, 50 years ago, seemed unbelievable levels. The machine took up the load of the increase. And the machine is the product of the human mind, an instrument designed to free man from the limitations of his own physical strength and functions.

The proper utilization of the machine and the adjustment of manpower to it require scientific management which eliminates, to an increasing degree, guesswork and estimates. Scientific management applies not only the principles of engineering to industry but it probes into all the natural sciences to achieve its ends. Without it, atomic fission would have been impossible and the bomb could never have been made. This instrument is the product of several thousand industrial enterprises synchronizing their plants and know-hows on a single problem. This operation, more than any other, proved the industrial capacity of this country because it was an exploration into the unknown.

Our most pressing industrial problems at this moment are war and the preparation for war. This is ordinarily a wasteful, hit and miss business, because in war two targets stand before management: 1. The quickest defeat of the enemy; 2. The utilization of mechanical devices with a view to minimizing the loss of human life.

Therefore, if a better tank can be made, production is stopped; the new product is blueprinted, machinery tooled and made. It is a frightfully expensive operation. In private enterprise, the new designs might wait a long time for market availability, which is a thrifty attitude. Yet the apparent extravagance of the military method is justified by the two targets already referred to, namely, victory and lessened loss of life.

However, the direct application of scientific management to this problem, at the very top, may achieve unexpectedly favorable results. No secretary of defense has heretofore been from management. Forrestal and Lovett

McCarthy Set To Probe Reds In Colleges

WASHINGTON (P)—Sen. McCarthy (R-Wis.) said today that one of the first things he will do in the new Congress will be to investigate the nation's colleges in a search for subversive influences.

He said he expects "all hell" to break loose and that there will be "screaming of interference with academic freedom."

But McCarthy indicated he believes it is of pressing interest to root out what he called "Communist thinkers" from the nation's colleges. He said he'd rather use that expression than the bald word "Communists."

McCarthy said that this was the first time he had discussed his projected plan of "going into the educational system."

McCarthy will be chairman of the committee on Government Operations and the permanent Senate Investigating Committee.

Rep. Velde (R-Ill.), who will head the House Committee on Un-American Activities, also expressed a desire to weed any Communists from the nation's colleges and "all fields of education." He said: "This has been largely left untouched up until now."

Evening Wedding Unites Couple In Marriage

As the hands of the clock approached eight in the evening on Friday, December 26, Miss Ruthann Brookover, daughter of Mr. and Mrs. Ernest Brookover, 557 West Elm Street, exchanged wedding vows with Seaman Clyde E. McCray, Jr., of the U. S. Navy, son of Mr. and Mrs. Clyde E. McCray of High Street.

The Grace Methodist Church was the setting for the wedding and Rev. Clinton W. Swengel officiated at the double ring service before a background of evergreens, poin-

settias, softly lighted with candles in two five-branch candelabra.

A half hour of wedding music was presented by Mrs. Wayne Spengler, organist, which included "Because"—d'Hardelot, "Through The Years"—Youmans, "I Love You Truly"—Bond, "O Promise Me"—De Koven, "Smiling Through"—Penn, the wedding marches and also accompanied Miss Nancy Kimmy, a lifelong friend, who sang, "The Lord's Prayer"—Mallotte, at the close of the ceremony.

Miss Mary Lou Sollars attended the bride as maid of honor, Mr. David Elliott was best man for the groom and Mr. Kenneth Brookover, a brother of the bride, seated the guests.

The bride chose for her wedding a ballerina length dress of champagne corded nylon, fashioned with a portrait neckline, bracelet length sleeves and a full skirt, a white beaded velvet hat.

She carried a white Bible topped with white roses, centered with a white orchid and valley lilies with cascaded streamers, and her only jewelry was a strand of pearls, the gift of the groom.

Miss Sollars was wearing a brown taffeta street length dress with white and chartreuse accessories and a corsage of Talisman roses.

The bride's mother was wearing a navy blue dress with white accessories and the groom's mother chose a navy blue dress with matching accessories. Both had corsages of pink and white roses.

A reception was held following the ceremony in Fellowship Hall, where the bride's table was centered with a three-tiered wedding cake, decorated with white roses, topped with the traditional bride and groom, and was flanked with white tapers, poinsettias and evergreen.

Hostesses were Misses Jean Ann Boylan, Mary McDonald and Rebecca Waters.

Later the immediate families were entertained at the home of the bride's parents at a small reception.

For travelling when the couple left on a short honeymoon, the bride was wearing a brown suit with brown and white accessories and her orchid from her bridal bouquet was pinned at her shoulder.

The new Mrs. McCray, a graduate from Washington C. H. High School in the class of 1952, is employed at the Armco Drainage and Metal Products, Incorporated, and the groom, a graduate of Washington C. H. High School in the class of 1950, is stationed at the San Francisco Naval Base.

Mrs. McCray will continue her position and will reside with her parents temporarily and Seaman McCray will return to his base in a few days.

Corruption Eyed

MEXICO CITY (AP)—The Mexican senate has approved an anticorruption bill which would force all government officials to publish a sworn statement of their wealth both before and after holding public office.

Personals

Mr. Roy Smith returned Monday to his home in New York City, after a Christmas visit with his sister, Miss Margaret Smith in Jeffersonville.

Mr. and Mrs. Frank Junk and Mr. and Mrs. Jack West were the Sunday dinner guests of Mr. and Mrs. Chester West.

Mr. and Mrs. Cary D. Phillips have returned from a Christmas visit with their son, Mr. Richard Phillips, Mrs. Phillips and their small daughter, Laura Lea, in Lakewood.

Mr. and Mrs. Martin O'Cull, sons Larry, Gene and Harry, spent Sunday in Dayton, where they were guests of Mr. C. L. Barnard and family. Additional guests were Mr. and Mrs. B. J. Farrell and family of Dayton.

Mr. and Mrs. Kermit Zimmerman, sons Kermit, Jr. and David, Mr. and Mrs. Edwin Zimmerman, sons Stevie and Billie of Dayton, were weekend guests of Mr. and Mrs. Harold Zimmerman, and other guests at a Sunday dinner were Mr. and Mrs. Robert Zimmerman, sons Bobbie and Roger, and Mr. and Mrs. Keith Zimmerman and daughter, Sherry, of near Jeffersonville.

Wilbur C. Hopkins, H.N., returned Sunday to the Naval Hospital at Bainbridge, Maryland, where he is stationed, after a holiday leave with his parents, Mr. and Mrs. Howard Hopkins of Madison Mills.

Mrs. Donna Flowers is in Columbus, Georgia, for a holiday visit with her son, Master Sergeant Joe Flowers, Mrs. Flowers and their children, Sharon and Larry. Sgt. Flowers is stationed at the Air Force Base there and has received orders to report for duty in Germany.

Mr. George Baker returned to his home in Washington, D. C., Sunday, after a Christmas visit with his parents, Mr. and Mrs. G. Damon Baker, Miss Elma Baker, also of Washington, D. C., returned on Friday after Christmas, after a short visit with her parents.

Little Miss Bonnie Burns of Columbus, is spending the holidays with her grandparents, Mr. and Mrs. O. D. Farquhar.

Mr. and Mrs. Joseph Hoffman and son Joe of Boswell, Pa., arrived Tuesday to spend New Years and the weekend as the guests of Mrs. Hoffman's parents, Mr. and Mrs. O. M. Griffith.

ing the engagement of their daughter, Bernice Ann to Mr. Howard Gardner, Jr., son of Mr. and Mrs. Howard Gardner, 1025 Millwood Avenue.

The bride-elect is a graduate of Washington C. H. High School and is now associated with the First National Bank.

Mr. Gardner is an employee of Albers Super Market, and also at the Universal Auto Co.

No definite date has been set for the wedding.

DARING COLOR COMBINE—Distinguishes Cecil Chapman's pink satin and red taffeta evening dress for winter, 1953. The wide taffeta strap continues under the bodice forming a huge butterfly bow.

Plans Changed In Wedding

Due to the sudden illness of Mrs. Clark Sheppard, plans in the wedding of Miss Diana Bathurst and Mr. Hal Russell Summers, Sunday afternoon, were necessarily changed and the bridegroom's brother, Mr. W. E. Summers, Jr., was best man at the wedding, instead of Mr. Sheppard, as had been previously planned.

Out-of-town guests at the wedding were: Mr. and Mrs. Carl E. Summers of Jackson, Mr. and Mrs. G. E. Bradley of Kenton, Mr. and Mrs. H. H. Foster of Springfield, Mr. and Mrs. George Fenner of Greenfield, Dr. and Mrs. E. F. Damstra, Mr. and Mrs. Coulous Younce, Mr. and Mrs. Dean Sims, daughter, Susan, Mr. and Mrs. J. Henry Rasmussen, Mr. and Mrs. Charles A. Ziegler, Mr. and Mrs. Homer Eidemiller, Mr. and Mrs. Frank Curtz, Mr. and Mrs. R. C. Gwinn, Mr. and Mrs. H. F. Steinger, Mr. and Mrs. Charles Hefner, Dr. and Mrs. E. C. Reed of Dayton and Mr. Walter M. Watkins of Tipp City.

Engagement Is Announced

Mr. and Mrs. G. R. Davis, 622 South North Street, are announcing

Garden Club Holds Postponed Christmas Party

The postponed Christmas party of the Town and Country Garden Club was held Monday evening at the home of the president, Mrs. Glen E. Davis, Jr., near Good Hope.

Decorations in a Yuletide theme were admired throughout the home and especially admired was the mantel arrangement.

The meeting was called to order by Mrs. Davis, who read a poem and the singing of the Christmas carol, "Silent Night," which was followed with the usual reports and roll call was responded to by members naming a gift received for Christmas.

A discussion was held on the planting of trees on school grounds

which will be a project of the nine clubs.

It was decided to hold an auction at the next meeting and at the close of the meeting a gift exchange was enjoyed around a lighted tree.

Mrs. Davis was assisted by Mrs. Harold McConaughy in the serving of delicious refreshments, and a delightful social hour brought the evening to a close.

Members present were Mrs. Richard Summers, Mrs. Richard Rankin, Mrs. Paul Thompson, Mrs. Donald Denen, Mrs. Ted Kneisley, Mrs. Robert Browning, Mrs. Howard Nessel, Mrs. J. M. Allemang, Mrs. Maynard Dorn, Mrs. Gerald Stephenson, Miss Betty Oswald, Mrs. Alice Cory, Mrs. Dale Thornton, Mrs. Floyd Henkelman and one guest, Mrs. Eugene Straley of near Good Hope.

Newly Elected County Officers To Take Office

Several New Faces
Included Among
The Officials

Newly elected county officials, with one exception, will assume their duties Monday of the coming week.

The one exception is County Treasurer Charles Fabb, re-elected at the November election, who begins his third term the first Monday in September.

All of the others who were elected in November, start their terms January 5.

In the interval all will be sworn in, and where bonds are necessary, they will furnish bond accordingly.

Virgil Perrill will begin his third term as representative to the general assembly from Fayette County.

Ralph Minton succeeds himself as county commissioner, beginning his fourth year second term.

Robert Cockerill will begin his first term as county commissioner.

Sheriff Orland Hays starts his third term as Sheriff of Fayette County.

Charles P. Wagner succeeds himself as Fayette County Engineer.

John S. Bath will begin his term as county prosecutor, after having been appointed to the post as assistant prosecutor, following the illness of Clark Wickensimer, who was on his second term in the office.

A new Recorder, although one whose face has been familiar in the office as deputy for several

years—Mrs. Eloise Johnson, will begin her first term.

Mrs. Dorothy West, another efficient county officer, will start her third term as clerk of courts.

Dr. N. M. Reiff becomes county coroner for the fourth time.

Sales In Fayette Show An Increase

Sale of prepaid tax stamps in Fayette County for the week ending Dec. 13, exceeded those for the same week in 1951, by several hundreds of dollars.

For the recent week, the total was \$10,862.32 and a year ago the sales were \$10,505.48.

Clinton, Highland, Pickaway and Ross counties showed slumps in sales and Greene County showed an increase. Fayette was one of the two counties in this area which showed increased sales.

In the state at large sales reached \$4,187,338 for the week compared with \$3,848,938 for the same week in 1951.

Presbyterian Men Meet In Columbus

The Ohio Council of Presbyterian Men will hold its second annual Synod Rally at the Neil House in Columbus, Jan. 17 and 18, according to Glenn Crow of Loudonville, president of the Ohio Council and member of the Executive Committee of the National Council of Presbyterian Men.

Presbyterian men from all over Ohio are expected to attend the two day meeting in Columbus. The rally, starting with registration at 9 A. M. Jan. 17 and ending with a Devotional Sunday afternoon, will include a full program of inspirational, devotional and council information events.

A new Recorder, although one whose face has been familiar in the office as deputy for several

years—Mrs. Eloise Johnson, will begin her first term.

Mrs. Dorothy West, another efficient county officer, will start her third term as clerk of courts.

Dr. N. M. Reiff becomes county coroner for the fourth time.

Expert Assigned To DuPont Plant Near Circleville

The assignment of Emory F. Ridlon to special duties in connection with the new \$10,000,000 plant which the Du Pont Co. will build near Circleville, to manufacture "Mylar" polyester film, has been announced. He has been manager of Du Pont's Yerkes Film Plant at Buffalo, N. Y., since 1950, and is the first production man to be assigned to the Circleville project.

When the Circleville plant is ready to go into operation, Ridlon will become plant manager. Construction is to begin early in 1953 and will require about two years to complete.

Ridlon joined Du Pont in 1929, and in addition to the products of the film department, has had extensive experience in manufacture of rayon, tetraethyl lead, and neoprene synthetic rubber. He also is familiar with the production of "Mylar," since this film was developed and is being made in experimental quantities in the Yerkes Research Laboratory, which adjoins the Yerkes Film Plant in Buffalo.

Purchase Sales Tax Stamps Before 31st

County Treasurer Charles Fabb calls attention of vendors to the fact that Dec. 31 is the last day of the six months period in connection with sales stamps.

He points out the fact that dealers who purchase sufficient stamps to make up any deficiency they may have, will save two percent discount on such deficiency, and any surplus stamps purchased can be used after first of the year.

William Stoughton is sales tax examiner for Fayette County.

Housing Agency Tells Progress

WASHINGTON (AP)—The Housing and Home Finance Agency reported today that, of 98,029 defense housing units programmed for critical areas, 41,983 were put under construction, with 24,697 of these completed.

The report said the 98,029 units were programmed in 204 critical defense housing units — 73,915 for rentals and 24,114 for sales. As of Dec. 17, it said, 43 per cent of the total were under construction and 25 per cent of the total were completed.

down farm chores when all farm buildings are as well lighted as this sheep pen.

Mr. Virgil A. Deeter, Darke county dairy farmer, finds modern lighting a big help in such tasks as clipping dairy cows.

NEW LIGHT ON FARM CHORES

brings greater speed and safety

In the natural schedule of farm work, many jobs must be done by artificial light. Properly designed and placed electric light can be a big help in milking and caring for stock. In getting from hog house to chicken house to barn to corn crib to milk house and back again you will move easier, safer and quicker with electric light along the way.

Good farm lighting in every building and about the yard protects against prowlers and thieves and reduces accident hazards. For competent advice on farm lighting, consult your county agent or the DP&L Farm Service Representative serving your neighborhood.

French To Try 19 Ex-Nazis For Massacre

Six Of 688 Village
Residents Survived
Slaughter Of 1944

PARIS (AP) — Nineteen former Nazi SS (Elite Guard) troops go on trial before a military tribunal at Bordeaux next month, accused of responsibility for the sack of the village of Oradour-sur-Glane in 1944 and the murder of 682 inhabitants. Only six citizens of the tiny farming community survived the massacre.

Oradour's ordeal began at 1:30 p. m. on Saturday, June 10, 1944—two years to the day after the Germans, in a similar fit of anger, leveled the Czech village of Lidice, shot all its men, sent all its women to concentration camps and scattered the children among German families.

On that awful Saturday afternoon in 1944, Der Fuehrer Regiment of Das Reich SS Division rounded up all the villagers of Oradour in the market square. Maj. Dickman, the German commander, accused the mayor of sheltering resistance fighters and hiding arms. The mayor denied it. The Germans searched and found nothing.

All the women and children were locked in the village church. Some of the men were jammed into barns, others were guarded in the square. At 3:30 there was burst of machinegun fire and the massacre was on. Inside the church the women and children could hear the firing outside. Then the Germans entered and in a wild chase among the pews and before the altar the troops shot and clubbed the women and children to death. Then they threw incendiary grenades into the church to set it afire.

One woman, shot five times, survived. Five other residents were away from Oradour that day. Except for these, all were slaughtered. Whole families were wiped out: 18 Thomases, 15 Bardets, nine Senons, seven Pontarauds, seven Merciers. The village was ruined: 123 homes burned, 205 barns burned, corpses everywhere, in the streets, the wells, the bakeries.

Who is guilty? In eight years of investigations French authorities have identified 65 men they believe to be most responsible. Only 19 of these survive or can be found. Those to go on trial at Bordeaux Jan. 12 included a dozen Frenchmen from Alsace who claim they were forced into the German Army against their will.

Thus the trial will be a torment to the conscience of France. Once again the question of the "Malgré-nous" (in spite of ourselves) will be before the public. The Association of Malgré-Nous in Alsace is sending lawyers to defend the 12. All the defendants were extremely young at the time of the massacre — 15 under 20 and five under 17. The man perhaps most directly responsible — Maj. Dickman — was killed a few days later while fighting the American invaders in Normandy.

The ruins of Oradour remain as the murderers left them. A wall has been built around them and Oradour has been declared a national monument. In 1949 the village was awarded the Legion of Honor. Only two of the six survivors remain alive today.

And the crowning irony is that it probably was a mistake. The investigators believe the village the Germans actually were looking for was Oradour-sur-Vayres, 15 miles away, which actually was a resistance center, and not Oradour-sur-Glane at all.

A female silk worm moth lays about 500 eggs about five days after leaving the cocoon and then dies.

TV Networks Detail Plans For Inaugural

NEW YORK (AP) — Television is going all-out for its second presidential inauguration in Washington Jan. 20. From the indications, it will assemble more cameras and equipment than ever before used in a similar special event.

This is because there is to be no pool telecast, each network going on its own in the five-hour program which includes the parade and all aspects of the ceremony. NBC plans to use 15 fixed and mobile cameras, one or more to be the recently developed walkie-lookie. These will require all sorts of other equipment for proper functioning. To do the work, from engineering to announcing, a staff of 250 is to be assembled.

For its share, CBS also intends to set up 15 cameras, divided among seven ground locations and three mobile units. The network uses the word "tons" to describe the amount of its technical equipment. About seven miles of communication facilities are being installed to connect all the various units to be used by the engineering and announcing staff of more than a hundred.

ABC-TV will add another 15 mobile and fixed cameras to bring the network total to 45. It likewise will use "tons of equipment." Its crew will number 150 or more.

Membership Up

NEW YORK (AP) — Episcopal church membership increased 2.74 per cent during 1952 over the previous year to reach a record of 2,715,825, it was reported Sunday in the church's annual yearbook.

In the far distant past, the sequoia trees, now found mostly in California, were widely distributed over four continents.

Unions Relieved by Ike's Attitude

By RAY TUCKER
WASHINGTON, Dec. 30 — Although the top leaders of organized labor are surprised and relieved by President-elect Eisenhower's fair and friendly attitude toward them, and by his lack of hostility for their united endorsement of his presidential opponent, Ike's one open bid for union support has embarrassed the labor camp.

His selection of Martin Durkin, an American Federation of Labor vice-president, as a Cabinet member may hinder the movement for that organization's merger with Walter P. Ruth's Congress of Industrial Organizations. Instead of harmony, it may create disunity.

GRUMBLING — While Reuther and his opposite, George L. Meany, who now heads the AFL, seem disposed toward an alliance of these two great unions, certain important Reuther aides are grumbling.

In their opinion, the Durkin appointment indicates that the Meany group will enjoy greater favor at the White House. During the late Philip Murray's regime, the CIO had the inside track there.

It is considered significant that many CIO politicians did not praise the choice of Durkin until after it was denounced as "incredible" by Senator Taft of Ohio. Their temporary silence was the tipoff on their off-the-record reaction.

Moreover, the presence of a relatively high union official in the Eisenhower household will make it difficult for both AFL-CIO orators to attack or question Administration activities.

For the same reason, it may handicap Durkin in maintaining good relations between 1600 Pennsylvania Avenue and his old headquarters.

The irony of the situation lies in the fact that Reuther's peculiar appeal and recognized skill is his ability to attack. He may grow restless under the restraints imposed upon him by Durkin's nearness to Eisenhower.

LABOR'S ROLE — Reuther does not favor the formation of a separate labor party. The Nov. 4 casualties among minor political organizations like the Socialist-Labor and Progressive groups impressed him. He noted also that, despite some losses among CIO-AFL "friends" on Capitol Hill, the unions made a fairly strong showing in Senate-House contests.

But he does believe that labor must remain politically active, perhaps more so than ever before. He plans to make its influence felt in any revision of the Taft-Hartley Act, as well as in all legislation affecting farm, social security, health and education problems.

Thus, assuming that Meany's AFL boys do not get strange thoughts of grandeur because of

By Ray Tucker

the Durkin-Eisenhower tieup, the "one big union" idea may be the solution to Etueher's search for a way out of the present wilderness.

Finally, a closely knit, well-financed and dynamic movement of 15 million workers may be the most effective answer to the prospective selection of Taft as GOP majority leader of the Senate.

Army Plans Leaves In Special Cases

WASHINGTON (AP) — The Army said Monday it will grant servicemen emergency leave to go home from overseas if the trip contributes to the welfare of a dying member of his immediate family.

Emergency leave will be granted also in the event of the death of the serviceman's wife or child.

Individuals will be given free military transportation and priority

tie — "in keeping with the degree of urgency in each case," the Army news release said.

In the past, servicemen have been returned only when the situation at home required their presence and no other person or agency was available to "properly resolve the emergency."

Under the new policy, emergency return will be provided when the death or serious illness of a member of the individual's immediate family places important responsibilities on the serviceman which must be met by him alone.

No attempt will be made to bring a serviceman home in time to attend a funeral. The Army said the differences in state laws

dealing with prompt burial, the use of transportation facilities and other factors are responsible for this decision.

The change in policy was a result, in part, of recent criticism of the Army for failure to grant emergency leave in certain tragic instances.

Seaplane Crashes

TOKYO (AP) — The Navy announced today that a four-engine flying boat crashed in the Sea of Japan Friday night. Ten of its 14 crew members are dead or missing.

Fayette County's First Baby of 1953 Will Be Greeted with A Large Number Of Fine Gifts For Baby and Parents.

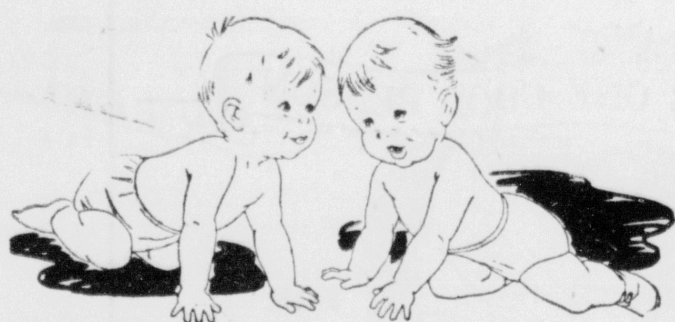

On This Page Are Listed The Names Of Those Who Will Present The Gifts To The Baby Contest Winner.

1953 FIRST BABY CONTEST

NOTE! BABIES BORN IN HOSPITALS ANYWHERE ARE ELIGIBLE IF THEIR PARENTS RESIDE IN FAYETTE COUNTY.

-- RULES --

The rules are simple. The prizes will be awarded to the first baby born to Fayette County residents after the clock strikes midnight on December 31, 1952. Simply have the attending doctor send or bring a copy of the birth certificate to the baby contest editor, the Record-Herald, or the Fayette County Board of Health. Have correct time—one minute may determine the winner. All certificates for the contest must be in the Record-Herald Office not later than Midnight, January 8. Remember, it is the first baby born after midnight on December 31, and even though your baby is born after the first of January, he or she may be the winner. The winner will be decided after entries close on January 8, and the decision announced in this paper. Certificates will then be issued permitting the parents to collect prizes. Remember, the entries MUST be in by January 8.

School Cagers Get Up Full Head Of Steam

Defending Champs
Looking Strong In
Early Part Of Card

COLUMBUS (P)—Ohio's schoolboy cagers got up a full head of steam today and headed down the straight away through thousands of basketball games and into the do-or-die competition.

Many teams crowded in a dozen games ahead of the holidays and built up impressive records.

Both defending state champions, Middletown in Class A and Lockland Wayne in Class B, loom as strong contenders again this year. But the runnersup, Steubenville and Nelsonville, have staggered at the start and appear headed for so-so seasons.

The mighty Middies, who snapped Steubenville's 28-game streak in the state finals last year, are unbeaten in six games. Coach Paul Walker has a lineup studded with lettermen and employs a two-plate system.

LOCKLAND Wayne has a 6-2 record, one of the setbacks coming at the hands of ever-potent Class A Hamilton by a 58-53 count.

Delphos St. Johns, one-time "B" kinkpin, is an early favorite to make the state tournament. Delphos has a 9-0 mark and has averaged 70 points per game.

Beverly in Washington County sports one of the best offensive marks in the state, having averaged 88 per game in 10 straight triumphs. Sulphur Springs has averaged 80 in taking seven of eight. Its top count was a 112-94 win over New Washington.

In Class A, Canton Timken took it on the chin for the first time after six wins, and Dayton Stivers, long a power and ex-state champ, has a 4-1 mark.

Stivers' lone setback was by a slim margin to Muncie Central, Indiana state champion the last two years and currently ranked first in the Hoosier State.

Tecumseh, which moved to Class A by a merger of New Carlisle and Olive Branch, has moved down eight straight opponents.

Dayton Roosevelt (5-1) boasts one of the tallest teams in the state with five players over 6-4.

Waynesfield slapped Roundhead 118-42, as Doyle Price hooped 42 and Fred Taylor 37. Holloway's Bob Crawford had 38 and Belmont's Al Gatten 37 as Holloway snared an 89-81 win.

DEAN FORAKER of Forest Grove and Mark Walker of Somerset Grove Trinity also turned in 37-point performances.

Two top-notch football ends who excel in the cage sport are Middletown's Bob Ashley and Columbus West's Jerry Trabue.

Ashley, 6-foot-4 senior, made all-Ohio second teams in basketball and football and collected 132 points in his first five games this season. He recently broke the 1,000 mark for his high school career. Trabue has 148 in eight games.

All-Ohio Leroy Thompson is averaging nearly 29 per game for Waynesburg, victor in six games.

Other hot Class B outfits are Wayne of Clinton County (11-0), Amesbury of Athens County (11-0), Seven Mile (7-0), South Zanesville (10-0) and Wayne of Montgomery County (10-2).

Fifteen players on Navy's 1952 football squad live in Pennsylvania. Four are Ohio residents.

Kansas State Tops Poll Of College Cagers

NEW YORK (P)—Kansas State took over first place in the Associated Press basketball poll today as La Salle of Philadelphia, upset by DePaul, skidded to third. Seton Hall moved up a notch to second.

The top 10 generally underwent a good shaking up but there were only two new faces in the group—Tulsa, No. 8, and Minnesota, No. 9, who moved in to oust Louisiana State and North Carolina State.

LSU was soundly thrashed by Tulsa last week, 84-58, while N. C. State took an unexpected lacing from St. John's of Brooklyn, 67-56. Minnesota beat second-ranking Illinois, 77-73.

Kansas State's chief exploit of the week was a 93-69 triumph over Oklahoma. One hundred and one sportswriters and broadcasters, participating in the poll, were sufficiently impressed to move the Wildcats from fifth to first place and give them 512 points.

Seton Hall had 507 points and La Salle 381.

Here's how the new top 10 stacks up: Kansas State, Seton Hall, La Salle, Illinois, Washington, Holy Cross, Oklahoma A&M, Tulsa, Minnesota and Western Kentucky.

Illinois fell from second to fourth as a result of its defeat by Minnesota. Washington, twice winner over St. Louis, climbed from seventh to fifth. Idle Holy Cross dropped two notches to sixth.

Holiday Cage Tournaments Reaching Tell-Tale Finals

NEW YORK (P)—Kansas State, the nation's new No. 1 college basketball power, goes after its third Big Seven Tournament title tonight, but a familiar club stands in the way, the Kansas Jayhawks.

The K-Staters eased into the finals of the Big Seven Tourney Monday night by tripping Yale, 79-70, Kansas, defending NCAA champion, gained the final round by defeating Missouri, 66-62.

This was only one of many tournaments around the country.

In Oklahoma City, the seventh-ranked Oklahoma Aggies, who usually win this one, led the way into the semifinals with a 68-61 win over Penn State.

The Aggies, seeking their 10th title, were joined in the round of four by Oklahoma City, defending titleholder, Wyoming and Idaho.

Oklahoma City breezed past Bowling Green, 65-58.

IN RALEIGH, N. C., meanwhile, the Dixie Classic also rolled into

Fastest Crop In History Due In Coming Jug

COLUMBUS (P)—The fastest crop of two-year eligibles in the history of the Little Brown Jug, harness racing's richest pacing plum, have a mass birthday Jan. 1.

No. less than 16 of the sophomore standardbreds have paced one mile in times ranging from 2:00.3 to 2:05. That's way ahead of the 1951 and 1952 records when six horses had gone the distance in 2:05 or faster as two-year-olds.

Heading the list of candidates is Hillsota, season's champion two-year-old pacer, whose 2:00.3 is just a fifth of the world's record held by Knight Dream, 1948 Jug winner. Dr. F. R. McNabb of Ithaca, Mich., is the owner.

Pleasant Surprise, with a 2:02, is second fastest and also champion of the filies. She would be the world's best two-year-old pacing filie if it weren't for her half-sister, Floating Dream, who went in 2:00.4. Three horses have been timed at 2:02.2, including Isosola's Ensign, world's champion two-year-old pacing gelding owned by Joe Neville, of Delaware. There are 18 horses that have stepped a mile in 2:05.2 or better. Some of these have set their records on half-mile tracks.

Owners of the hopefuls have until Jan. 1 to put up \$250 eligibility fees for the \$65,000 classic at Delaware, O., next September.

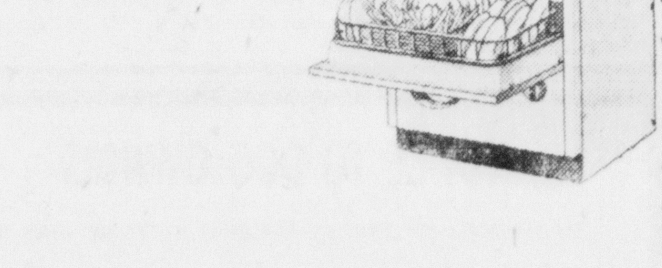

To Men ONLY!

MEN: Ever stop to think how much time the little woman spends washing and wiping dishes? Why not give her a break . . . and yourself too, if you're on the dishwashing squad . . . by taking the work out of washing and wiping with a KitchenAid . . . the completely automatic home dishwasher.

With KitchenAid, you simply load tableware into the two convenient, easy-sliding racks. Then latch the door, flip the switch and presto . . . tableware is washed, rinsed and dried. Nothing to it! Remember, it's "front-opening."

"Powered-water" washing; 2 complete rinses in hot water; circulated hot air drying; sanitary, self-cleaning; gentle, thorough action are a few of the many KitchenAid advantages you'll like. Front-opening door leaves counter top space clear for greater neatness and working-space efficiency. Why not cut your "kitchen time" with KitchenAid? See our demonstration

Lion Cagers Play Here on Friday

Linden-McKinley
To Be Opposition

The Washington C. H. High School Lion basketball team will go after its tenth straight victory of the season Friday night. Columbus Linden-McKinley will furnish the opponents in the game to be played on the WHS court.

The Lions won their eighth and ninth games Saturday when they won the Raidger Invitational Tourney at Waverly by knocking off a strong Waverly outfit in the opener and then swamping the Circleville Tigers in the final game.

Coach Harry Townsend said he was well pleased with the way the boys played Saturday and especially the way they turned back Waverly. This was the first defeat suffered by the host team.

Although the two tourney victories for the Lions won't count in league play, they still have the best record of any of the South Central Ohio League teams. They are in first place with three wins and no losses.

COACH TOWNSEND said he gave the players a day off from practice Monday. He stated that practice would be resumed Tuesday (today) and would also be held on Wednesday and Thursday in preparation for the Linden-McKinley game.

The Lions will be facing a tough outfit Friday night when they tangle with the Columbus players. Just what their own and lost record is for the season is not known, but Townsend said they have won five or six in a row.

The Lions all came out of the Raidger Tourney in good physical shape. None of them are down with colds or are sick.

In four of the nine games, the Lions have played they have scored more than 70 points, in one game they scored more than 60 and in the remaining four they have tallied over 50 points. In all, the Lions have registered a total of 581 points to the opponents 465.

Fight Results

BROOKLYN — Floyd Patterson, 167½, Brooklyn, TKO'd Lulu Sabotin, 175, Warren, Ohio, 5.

MILWAUKEE — Johnny Saxton, 146, New York, outpointed Dan Womber, 149½, Chicago, 10.

TRENTON, N. J. — George Johnson, 154½, Trenton, N. J., outpointed Sam Walker, 159, Springfield, Mass., 8.

WILMINGTON (P)—W. J. Galvin announced today he is retiring from his harness racing activities. He is president and publisher of the Wilmington News-Journal.

He said he sold his interest in three young stall

DAILY CRYPTOQUOTE—Here's how to work it:

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

Q B R R A O N H ! V X O V Q O A R O N H M E Q N V X O V I M Q B R — A X O G B A L B O I E.

Yesterday's Cryptoquote: OUR SINS, LIKE TO OUR SHADOWS, WHEN OUR DAY IS IN ITS GLORY, SCARCE APPEAR—SUCKLING.

NOTICE TO TAXPAYERS OF FAYETTE COUNTY

The tax returns for the current year 1952, have been revised and the valuation completed and are open for public inspection in the Office of the Auditor of Fayette County, Ohio, and that complaints against any valuation or assessment, except the valuation fixed and assessed by the department of taxation of the State of Ohio will be heard by the Fayette County Board of Revision on any day following the 18th day of December, 1952, from 8:30 A. M. to 4:00 P. M. at the office of the County Auditor.

Dated December 18, 1952

ULRIC T. ACTON

Auditor, Fayette County

LEGAL NOTICE

Lou Ella Clouser, who resides with Mrs. E. H. Miller at 12725 S. Atlantic Avenue, Compton, California, will hereby take notice that Robert Sutherland Clouser has filed his Answer and Cross Petition in the Court of Common Pleas, Fayette County, Ohio, in Case No. 2117, wherein Lou Ella Clouser is plaintiff and Robert Sutherland Clouser is defendant. Among other things, defendant prays for divorce and equitable relief. Plaintiff must answer on or before the 17th day of January, 1953 or judgment will be rendered against her.

ROBERT SUTHERLAND CLOUSER

By Wray Bevan

Attorney for Defendant

Injuries Fatal

PORTSMOUTH — Charles P. Elliott, 21, of Vanceburg, Ky., a paratrooper home on leave, died in a hospital here Sunday of injuries suffered in an auto accident near Vanceburg.
